

Golf courses operated by the City of St. Petersburg are **OPEN** to the public.

Effective Monday, October 5, for the health and safety of patrons and staff, the golf courses have implemented the following procedures to help reduce the spread of COVID-19:

- Patrons and employees are **required** to wear face coverings while in the Pro Shop per Pinellas County ordinance. Patrons seated at a table may remove their face coverings to eat or drink.
- The cart policy will revert to two players permitted per cart. Golf carts will be washed and sanitized after each use.
- Plexiglass shields have been installed at Point of Sale terminals.
- Routine cleaning of clubhouse is being performed throughout each day.
- Physical distancing of 6 feet is encouraged in all areas on the golf course.

Questions about these events, programs and facility closures should be directed to call Mangrove Bay Golf Course Pro Shop at 727-893-7800.

Centers for Disease Control and Prevention (CDC) guidelines are still in effect. The City of St. Petersburg continues to coordinate with our local officials and the Florida Department of Health, and we will continue to update the community on any changes through the City's website at www.restartpete.com.
